- + Available in two finishes. (Satine & Bright)
- + Useful for the public areas.
- + Lock system can be adjusted when it is required.
- + It is mounted with three steel 4 mm screws (provided in the box) with their 8 mm plastic plugs (also provided)

COMPONENTS AND MATERIAL

- + DMT1080 Soap Dispenser Stainless Steel 304 satine finish
- + DMT1080P Soap Dispenser Stainless Steel 304 bright finish
- + DMT1088 Foam Dispenser Stainless Steel 304 satine finish
- + DMT1088P Foam Dispenser Stainless Steel 304 bright finish

INSTALLATION

- + First measure out where the lid dispenser will be placed, mark three holes and drill into the wall.
- + Insert the provided wall plugs and screw in the top two screws, leaving a slight gap for the dispenser to slot onto.

- + Open the dispenser lock before mounting the dispenser to the wall.
- + Slot the dispenser onto the two previously fixed screws and then screw final one screw.

MOUNTING TEMPLATE

- + Should be minimum 150 cm high from the floor.

BIN REPLACEMENT REQUIREMENTS AND RECOMMENDATIONS

The following recommendations are intended to provide guidelines on the best possible placement of the dispensers. Because every location a dispenser is to be mounted is different, depending on customer site, physical size limitations, and available space, these recommendations may not always be entirely possible to follow. However, when placing a dispenser installation must meet ADA requirements and should promote ease of use and be in union with its surroundings. Upon installation, the dispenser should be level and the job results professional, presentable and fully functional.

AFTERCARE INSTRUCTIONS

- + Regular cleaning with a soft cloth will keep the surface of your product looking new. Soapy water can be used to remove stubborn marks. Don't use abrasive or chemical cleaners as these may damage the surface finish over time.
- + Don't expose to sunlight.
- + Don't respond to the product with force against the possibility of damnification, deformation.
- + Don't throw any cigarettes and flammable materials into the product.
